

Ornamental Fish

Fisheries Victoria Half Yearly Aquaculture Production Return

For use by PLO licence holders.

Note: A half-yearly aquaculture production return must be completed for each licence held and forwarded to the Catch and Effort Unit within thirty days of the end of the reporting period. Licence holders are required to keep a copy of their Aquaculture Production Return.

Licence holders name:	Personal file number:	Aquaculture licence number:
-----------------------	-----------------------	-----------------------------

Reporting period: (insert year next to reporting period)	1 January to 30 June 20__	1 July to 31 December 20__
--	---------------------------	----------------------------

Describe the movement of **all** fish onto and from your licensed area under your aquaculture licence using the categories below. If the movement of fish onto and or from your licensed area does not fall into one of the categories below you must seek advice from Fisheries Victoria about the appropriate category. (Note: 'fish' is as defined under the *Fisheries Act 1995*)

Section 1: Movement of fish onto the licensed area

Source (note 1)	Species (note 2)	Number of fish ('000)

Section 2: Movement of fish from the licensed area

Destination (note 1)	Species (note 2)	Total production number of fish ('000)
