

Snobs Creek is a Hatchery (fish farm).

Snobs Creek grows trout to release into cold water lakes for people to catch.

Help Hui and Saki work out the names of two species of trout that are grown at Snobs Creek.

Work out their names by finding the letter in each clue. The first one is done for you.

The first is in **BLOAT** but not **LOAT** _B_

The second is in **RUN** but not **UN**

The third is in **FOUL** but not **ULL**

The fourth is in **WET** but not **ET**
