Fisheries (Victorian Pipi) Notice 2019

EXPLANATORY STATEMENT

I have decided to implement the Fisheries (Victorian Pipi) Notice for twelve months after undertaking consultation in accordance with Section 3A of the *Fisheries Act 1995*.

The Fisheries (Victorian Pipi) Notice 2019 will continue management arrangements for the commercial harvest of pipis in Victoria by eligible Ocean Fishery Access Licence (FAL) holders with no change to fishing days, catch limits or reporting arrangements. The Lake Mombeong Walking Track has been removed as a designated access point for Discovery Bay to ensure effective fisheries compliance. The remaining three designated access points are unchanged.

A handwritten signature in blue ink, appearing to read "Travis Dowling".

Travis Dowling
Chief Executive Officer
Victorian Fisheries Authority
