

How to use the GoFishVic app

Basic instructions

The image shows a promotional banner for the GoFishVic app. On the left, a smartphone displays the app's interface. The top status bar shows the time 9:41 and signal strength. The app's header says "Good morning, Joe." and "28th June, 2018". Below this are three tabs: "TRIPS", "CATCHES", and "FISH 'N' TIPS". The "TRIPS" tab is active, showing a "CATCH HISTORY" bar chart with red and yellow bars for dates 15 through 21. Below the chart are two rows of data: "REDFIN" and "BROWN TROUT". At the bottom, "AVERAGE CATCH RATES" are shown for three categories: 4, 8, and 2. The background of the banner features a fisherman in a plaid shirt and cap, casting a fishing rod against a teal and green gradient. Text overlays on the banner include "Healthy fisheries." and "Better fishing." in white boxes. Below this, it says "Download the new GoFishVic App today and improve your fishing success." and provides download links for the App Store and Google Play. The GoFishVic logo and the Victorian Fisheries Authority logo are also present.
