

Aquaculture (other than marine shellfish and ornamental)

Victorian Fisheries Authority Half Yearly Aquaculture Production Return

For use by PLS, APT, PLN, PLY, PLW, PLX, PLM, API, PLE, CLE and CLO licence holders and for General Permits.

Note: A half-yearly aquaculture production return must be completed for each licence held and forwarded to the Catch and Effort Unit within thirty days of the end of the reporting period. Licence holders are required to keep a copy of their Aquaculture Production Return.

Licence holders name:	Personal file number:	Aquaculture licence number:
-----------------------	-----------------------	-----------------------------

Reporting period: (insert year next to reporting period)	1 January to 30 June 20__	1 July to 31 December 20__
--	---------------------------	----------------------------

Describe the movement of **all** fish onto and from your licensed area under your aquaculture licence using the categories below. If the movement of fish onto and or from your licensed area does not fall into one of the categories below you must seek advice from the Victorian Fisheries Authority about the appropriate category. (Note: 'fish' is as defined under the *Fisheries Act 1995*)

Section 1: Movement of fish onto the licensed area

Source	Species (note 1)	Average weight (g)	Number	Total weight (kg)
From another licensed Victorian aquaculture area <u>for on-growing</u> .				
Purchased from another licensed Victorian aquaculture area <u>for on-sale</u> .				
From a non-Victorian aquaculture area <u>for on-growing</u> .				
From wholesaler, distributor or retailer.				
Stock from the wild.				

Section 2: Movement of fish from the licensed area

Destination	Species (note 1)	Total weight of production (kg) (note 2)
Sale or movement of live fish to another licensed aquaculture area in <u>Victoria</u> for on-growing.		
Sale or movement of live fish to a <u>non-Victorian</u> aquaculture area for on-growing.		
Sale or movement of live or slaughtered product to processors (including on-location processing facilities), distributors, exporters, wholesalers, retailers, consumers, other end-users or for stocking of non-commercial private waters.		
Sale or movement of live product for restocking of public waters (includes sales to VFA).
